**14. Minutes of the Parish Council Meeting held on 7 March 2016**

The minutes of the Parish Council Meeting held on 7 March 2016 were agreed as a true record and signed by the Chairman.

**15. Matters arising out of the Minutes of Parish Council Meeting held on 7 March 2016**

**a) Affordable Housing ❶** The transfer of the land had still not taken place although delays were not caused by the PC. An easement was required by Severn Trent Water and matters should be concluded within the week. Some residents were living there on licence. **❷** The site had won an award because of the harmonious way in which the various parties had worked together to achieve such an excellent result.

**b) Highways ❶** Problems with parking outside No 1 Batchfields continued and road surfaces & verges were worse than ever. 2RH now had to obtain the tenants' consent in writing to have their garden dug out and hopefully this would be forthcoming. **❷** The travellers by the M50 were still there and numbers had increased lately. The Chairman had again spoken to FODDC who had done nothing recently but had now promised to act quickly. There were serious concerns about sanitation on the site and damage to adjoining agricultural land. **❸** The B4215 would be closed for resurfacing from the junction at the pub to Whittingtree Farm on 25 & 26 May. **❹** Mr May reported on behalf of CALM about plans for gateways at the Shakesfield end of the village. The PC had already agreed to pay up to £650 towards costs; Highways would fund 50%. It was agreed that the PC would pay the cost and then reclaim half on behalf of CALM. Mr May had obtained a high quote from Glasdon for aluminium gates and would now seek a further quote from Morlock in a different material. CALM was frustrated by further delays and conflicting advice from GCC. It was hoped that a change of personnel at GCC may allow wooden gateways which could be built locally and would be much cheaper. It was essential that CALM had the necessary funding required for the whole project before any orders were made. **❺** The ditch opposite No. 6 Batchfields still required clearing and the Chairman would remind the landowner of her responsibility.

**c) Beauchamp Arms ❶** Quotes for repairing the roof by the chimney, as raised in the March meeting, had been obtained. Storm Roofing - £755 and Wynn Roofing £1000, both including scaffolding. It was agreed to accept the Storm Roofing quotation. **❷** The damp in the tenants' accommodation had not improved but Cllr Thick considered it would not until the roof problems had been solved.

**d) Public Lavatories** A new fence had been erected along the boundary by the residents of Crown Close.

**e) Play Area ❶** Approval had been given from the Public Works Loans Board for the sum of £30,000 repayable over 10 years. Interest rates remained low but varied daily.

The Chairman thanked Cllr Boon for the tremendous amount of work he had undertaken on this project to upgrade the play area. ② Cllr Boon detailed the planned equipment which had been designed with the help of Greenfields and after consultation with some parents. Greenfields had quoted £20,599 and the equipment would be in steel so that it could be moved when the Canal came through the existing play area. There would be other expenditure on various ground works etc. Some of the loan would be used on the other play area by the Canal basin. That area was very stony and would need improvement before turn could be laid. Greenfields had also recommended using a different company for the annual inspections which inspected equipment they installed and were cheaper than Play Safety.

**f) Church Clock** The Chairman had expressed concerns about the continual breaking down of the clock to Smith of Derby who had agreed to waive charges if the recent fault was a continuation of the previous one. However that had not been the case. There was discussion about finding another firm to maintain the clock once the current service agreement had ended.

**g) Telephone Boxes** Cllr Thick reported that the Ryton box now had a notice board; work had not been started on the one at Four Oaks. Mrs Tweedale had asked whether she could put information about the Poets in the Brooms Green box which was agreed on a non-permanent arrangement. Thanks were expressed to Cllr Thick.

**h) Canal** The Chairman reported that disappointingly the 500 trees planted by the Canal Trust had been ripped out and throw into the water with the stakes. It was agreed that there would be a stone picking working party and tidy up on 28 May.

**i) Parish Council Solicitor** It was agreed that because of the unsatisfactory service received from Masefields, enquiries should be made from other Councils about alternative firms.
